

### 3.5 May/June Newsletter

HAPPY MOTHER'S DAY to all our wonderful St Peter's moms!

In May, we will complete our unit on **Eric Carle**. Children have enjoyed creating beautiful illustrations using Eric Carle techniques and listening to a variety of his books.

We will begin our **INSECT** unit. Children will learn the characteristics of an insect through literature, art, and science.

To wrap up the school year we will be doing summer related activities through songs, stories, poems, and art.

It has been a wonderful year with your children. We wish everyone a wonderful summer!
