

**MAY/JUNE NEWSLETTER 2019**  
**THREE AND A HALF YEAR OLD CLASS NEWSLETTER**

Can it be that we are closing in on the end of the school year already?! Our year has passed by quickly as we have been learning so many new and wonderful things! We have made good friends and have grown up in so many ways!

In the month of May will be finishing up our unit on Eric Carle literature. We will also be getting ready for our Mother's Day Tea. What fun we are having as we plan a special day for our moms!

On May 13<sup>th</sup> a farmer will be bringing us eggs and an incubator. The children will have an amazing opportunity to watch and participate in the process of the eggs hatching! So "eggciting!"

The rest of our month will be spent doing one of our favorite units on bugs! We will learn about spiders, caterpillars and butterflies, ants, fireflies, ladybugs, bees and much more. This unit will be tied into our visit to the Roseland Environmental Center on May 29<sup>th</sup>!

We will continue our bug unit into the beginning of June, and will be working on our end of the year T-shirts. During our last days of school we will have fun with some of our favorite stories such as Caps For Sale.

Our year ends with a class picnic on our last day of school. Watch for the sign up for what you can bring.

Hoping your summer is filled with fun family time together!

Mrs. Brohm, Mrs. Laracy, Mrs. Egan, and Mrs. Donofrio
