

## November Newsletter Pre-K 4

For the first part of November, we will be exploring the Lenape people. We will learn:

When they lived here

How they lived

What they lived in

How they got around

How they made and named their canoe

How they hunted

What they hunted with

What it was like for young children

Their legends- they all lived on the back of a giant turtle!

We will make a long house! We will work with beads like the Lenape. We will play their games too. We will make arrows and give them the spirit of different birds.

We will finish up November with sequencing with our noodle necklaces, N for noodle, what is grateful, counting by tens with turkey feathers, and our Thanksgiving celebration.

Mrs. DeFuria and Mrs. Rogers
