April 18, 2018

Dear friends at St. Andrew's Episcopal Church,

The staff and children of Holy Cross Anglican School are very grateful for your donation of \$4,000.39 US. You are unbelievable and we love you!!! Our student's future educational & health development is truly in the hands of caring folks like you. Without your help and support these disadvantaged children would have little opportunity to receive the education they need to become productive citizens of Belize and the world.

School is back in session after a two week Easter break. Volunteers were busy replacing zinc roofs and Vacation Bible School was a huge success. Many more projects are scheduled for June and this summer. On June 24th, Holy Cross Anglican School will see 46 Standard VI students graduate! Wow! This will be our largest graduating class to date. If you happen to be on the island, come to graduation!

Congratulations to Estrella Trochez and Viviana Paredes on their promotions to Office Assistants and Volunteer Coordinators! They can be reached at volunteerbelize@gmail.com. We can always use volunteers to help with our projects, in case you feel the need to visit Holy Cross and want to help out. Please contact us for more information!

We would all like to thank everyone who has taken time out of their busy lives to donate supplies, money and volunteering at our school. This school and its students have become so very special to those of us who work here. We are a family and so many of you are now a part of that family.

I hope that the next time you are feeling overwhelmed or discouraged you will draw strength in knowing that you have touched the lives of the children at Holy Cross Anglican School.

Blessings,

Linda Carter
Office Manager
