## **MESSAGE FROM PASTOR JUDITH RAINFORTH**

Greetings,

It is with a joy filled heart that I share reflections about a recent trip 3 of us from American Lutheran Church made to Navaho Lutheran Mission at Rock Point, AZ. I left on Wednesday morning, February 12 and returned on Sunday evening, February 16 with Ann Jones and Judie VanDevere-Stage as my traveling companions. We traveled in my SUV and experienced good roads and weather. What a joy to have close to a 700-mile round trip to process our experience in relation to our partnership with others involved in this ministry.

My first awareness of this blessed ministry was when we did the Navajo Walk for Water at ALC on January 11, 2020. At that time I met staff and family of the Mission. After that I was privileged to visit one of their parishioners in the ICU at University Hospital in Phoenix on 3 different occasions and it included another visit with him at a rehab unit in Flagstaff. He is the pianist for the Lutheran Mission Church. By the time of the church service we attended on Sunday at the Mission, he was back to playing the piano with passion.

Ann has shared her reflections with me to include the following:

Our Navajo hosts expressed sincere interest in meeting, listening and including us in their daily lives no matter where we were in our understanding of Navajo traditions. We were accepted just as we were.

What was the greatest need that I saw?

After thought and discussion with Judie, I would give a one-word answer, Access. The Navajo, like most Native Americans, don't have an official address, just a post office box number. Therefore, they can't register to vote. This also slows down access to the programs we often take for granted, such as Medicare, Medicaid, VA, the Dept. of Labor's Uranium Exposure, and Mesothelioma benefits. They also have long distances to travel to access IHS (Indian Health Service) for clinic, dental and pharmacy services.

We as a church may have limited ability to change this inequity but we can reflect on these obstacles when we compare the differences in lifestyle and make decisions regarding in kind and financial support.

Judie added the comment that she was impressed with the majesty of their land and their protection of it.

We look forward to sharing more of our impressions as we present for WNA and other ministries at ALC.

It was a blessing to meet and be involved with Pastor Kate Adelman. She and her husband Parker, along with their Mission staff and the Rock Point Community, are growing a strong and vital, loving and hope-filled community. The peace, serenity and love are the obvious gifts that God is providing through the hands and feet of those who are committed to making a difference in the Navajo Nation.

My plan is to make an annual trip to this beautiful part of Arizona as I am committed to a relationship of serving alongside our Navajo brothers and sisters in Christ. My prayer is that others from ALC will join me on the journey.

Prayerfully,  
Pastor Judith Rainforth

## WELLNESS MINUTE

Coronavirus: What you need to know:

The Mysterious Virus is rapidly spreading thru China and has reached 16 countries including the US.

What is coronavirus, and how did this start?

Coronavirus is actually a very common cause of multiple different illnesses. It's the common cold that circulates every year, but also illnesses like SARS and MERS, which led to major outbreaks with illnesses like pneumonia.

According to the CDC, this virus was identified in December in Wuhan, China. Experts initially thought it originated in wild animals, livestock or fish in a food market, but the latest research is pointing to BATS, which were the source of SARS and MERS.

How does the virus spread? The same way colds and flu do: through airborne particles (think a sneeze or cough) from and infected person. At the time this was written, five Americans have been diagnosed with this Coronavirus-all had recently returned from Wuhan. Currently in the US the risk remains low.

What 's the best way to stay safe? Wash your hands, cover your cough and stay home if your sick, that can prevent the spread of any illness, including influenza and this coronavirus.

Will Wearing a mask help? If a person is ill and seeking medical care, often a mask will be placed on them-but that's because if you're sick, a mask can prevent you spreading it to other people. Wearing a mask when you're not sick has not been [roven to help protect you with this kind of illness.

How scared should you be? Keep everything in perspective, we're also right in the middle of an active flu season, which so far this year has affected 15 to 20 million American's and caused up to 20,000 deaths. Protect yourself from the influenza first, but keep an eye on coronavirus because it's a very rapidly evolving situation.

## PRESIDENT OF THE COUNCIL

### **JUMP...Stepping Into Evangelism**

I attend 2 Neighborhood Group Meetings; one of them is “Happy Hour” which meets the first Saturday of each month at 8:30 a.m. at Royal Café. We are blessed to have Pastor Erv Langholz lead us in many of our devotionals. I asked Pastor Erv if I could share his message, delivered February 1, 2020, with Outreach and he gave his permission. I am also going to weave part of Pastor Lowell’s sermon from February 2 into this message. These messages inspired me...I hope they do the same for you!

Words from Pastor Erv: When I was attending a Street Fair in Grand Rapids, MI. with my family, a fellow approached me wearing a cap which read **JUMP**. He wanted to give me the cap and I asked what the letters meant. The man showed me his arm and it was marked with scars from needles. He told me he had been a drug addict and felt he was at the end of his life. He had nothing to live for so he climbed up on a ledge of a building and was going to jump to his death. The people who gathered on the street below yelled “jump, jump!” A man came up alongside of him and told him that God loved him and still had a plan for him in Jesus Christ. The drug addict gave his life to Jesus there on that ledge. He then started a ministry called “**JUMP**” to help others in pain. **JUMP stands for Jesus Understands My Pain.**

Pastor Erv continued: Many times when a person goes through pain, one feels alone and discouraged. With my lung cancer, when I feel this way, I look at this cap and it reminds me that Jesus is mindful of me, knows all about me and loves me. He says to me, “Come unto me and I will give you rest”. Then I jump into his arms and feel the security of His love and presence. I am not alone or hopeless with Jesus.

He not only understands my physical pain but also my spiritual pain. When I feel guilty from my sin He says to me “I understand”. When I have failed Him or when I have wounded others by what I say or do, He takes the pain of my sins upon His body and He bore that punishment on the Cross. Now I can be set free from that burden by His forgiveness so I can live with Him without sin or guilt.

I like to wear this hat as it is an evangelism tool for me. People stop me and ask “What does JUMP mean?” and I can tell them the story of Jesus. That He wants us to know that He understands us and wants to live with us now and forever. You can spell this word “**JUMP**” with the word “**LOVE**”. This is an easy approach for me because I am not stopping people to ask them to listen to my story but they are stopping me to ask me to explain JUMP. I do that and then ask the person who has asked me to share the story.

Do you know HIM? Then I share the old, old story that is ever new and exciting; Jesus and His love.

These words from Pastor Erv connected so beautifully with Pastor Lowell's sermon on February 2, 2020 which was titled "What Does the Lord Require of You?". Pastor's sermon reminds us that "to show loving kindness is a reflection of God. And to walk humbly with God is the commitment we make, not on our own, but with the Lord." He went on to say "So I ask a blessing upon our congregation that we can step forward for people who are hurting,...so where people are poor in spirit we are called to bring forward the good news of God's love, the kingdom of God (**JUMP!**) ...for people who are mourning we are called to comfort (**JUMP!**)..for those who hunger and thirst for righteousness, they will be filled. That is our opportunity to proclaim the love of God in word and deed (**JUMP!**).

What difference does American Lutheran Church play in your life and in the life of this community?....(we need to) hone our vision of where God is calling us, not out of a sense of trying to earn God's love but out of this amazing love that God is with us, especially in the midst of what others would consider too lost, too broken, needs to be forgotten. That is where we are called forward." (**So let's JUMP!!! Can I get an "Amen"?**)

Thanks to the **LOVE of God** and our wonderful Pastors!  
Terri Polk—Council President

### **TRUST COMMITTEE**

In an attempt to keep the congregation better informed as to the decisions voted on by the trust committee, each Outreach article will summarize actions taken in the monthly meeting.

Beaux and Paulette Treguboff from Morgan Stanley attended the trust committee meeting on 2/11/2020 and presented the 2019 performance report. As a result, the trust committee had available \$57,000 to distribute for the year. The following decisions were voted on and passed in the February 2020 meeting:

- The committee voted to contribute \$24,058.72 toward reducing the principle amount of the mortgage; effectively reducing the amount of interest that would have accrued.
- A donation was made in the amount of \$5,000 to the "Walk the Water" fund raiser.
- Along with four other congregations, the church council agreed to enter into an agreement with the Grand Canyon Synod, ELCA to participate in "Stewards for All Seasons." The request to fund this effort in the amount of \$1,800 was approved by the trust committee.

## WORSHIP AND MUSIC

### March Concerts at ALC

- March 8, 3:00 Ottawa University Choir - Ottawa is a private Christian college with campuses in Surprise, Queen Creek and Phoenix. Free will offering
- March 14, 7:00 Arizona Masterworks Chorale - \$15 in advance, \$20 at the door. Presenting "Missa Kenya, Gospel and Spirituals"
- March 29, 3:00 Handbell Ringers of Sun City - \$5. Several of ALC's own Christo Bells perform in this group, always a fun concert!

On Tuesday of Holy Week, **April 7 at 7:00** we will host the **California Lutheran University Choir** concert. Our congregation supports ELCA's Cal Lutheran; you may remember that their campus pastor Rev. Melissa Maxwell-Doherty was our guest preacher in November. Pastor Lowell reminds us often that we are called to encourage and support the next generation in their faith development. Sometimes our encouragements come in subtle, simple ways that leave lasting impressions. With that nudge, please consider housing a couple students overnight after the concert. Contact Linda Shirck if you're able to help!

### Christo Handbells

The Christo Handbell Choir has been a part of the music program at American Lutheran Church for more than twenty-five years. We have five octaves of handbells and five octaves of hand chimes. Most of the bells and hand chimes are made by the Schulmerich Company. The large aluminum bass bells are made by the Malmark Company. The replacement cost of this equipment in today's market would be approximately \$39,000. We appreciate the support our congregation has given to the Christo Handbells over these many years. Our members rehears once a week from September through May and participate in worship services each month plus festival services. Our mission is to enhance the worship service by ringing appropriate music for the day in a sensitive and musical manner.

### 3<sup>RD</sup> ANNUAL 'TAKE IT OR DONATE IT' SALE

The Church Quilters would like to thank all who came to the "Take it or Donate It" Quilt Sale. The sale brought in \$1,301, and quilts were donated to four different charities. The money gathered will help with materials needed to make new quilts. Thank you again!

## WEDNESDAY NIGHT ALIVE!

Greetings again from your WNA committee! If you haven't been attending WNA, you have missed some really outstanding presentations. The WNA program committee worked very hard to produce quality programs for the 2019-2020 season.

Among the programs thus far have been "Surgery or Not?" presented by a well-known orthopedic surgeon in the valley. We learned more about the Muslim world from missionaries who have devoted their lives to that area. Consumer Scams - what an informative program that was. The speaker will be back next season to educate us about Identity Theft. We've learned more about the history of Route 66 from a very entertaining "Hip Historian." We had a lesson on how bills try to get passed in Congress and the Constitution. Several programs have featured non-profits in the valley, among them a domestic violence center for women. WNA's 6 pm programs have been very entertaining, including concert pianists, and a variety of music and singing groups.

We have included a photo of the Tremble Clef singers. This group consists of people with Parkinson's disease. Music has been proven to help them exercise their vocal chords, which in turn helps them with the issues brought on by Parkinson's. This concert was one of the most inspiring WNA has presented. We will definitely have them come back for a return engagement.

We still have seven weeks left of the WNA season. We hope to see more of you participate. The video entitled "The Gospel of Matthew" narrated by Richard Kiley will be hosted by Debbie Nelson for seven weeks, which began February 19 at 4:30 in the Choir Room. This excellent movie was presented about five years ago at WNA and was well received. It's an outstanding presentation that I encourage people to attend. There will be alternative 4:30 programs each week, as well as this movie. I promise you that you won't regret attending. It's a great way to bring friends who may not have a church home.

Thank you to Jane and Rob Coughlin for the delicious meals prepared for us each week. Thank you to all the kitchen helpers - we couldn't be successful without all of you. And most of all, thank you ALC members who have contributed so generously each week. This money goes to WNA programming and on behalf of the committee, let me tell you how thankful we all are.

See you at WNA!

Maryanne Winters, Chair

## STORIES IN OUR STAINED GLASS WINDOWS—PART 5

**The Chapel Windows:** Did you know:

- the beautiful stained glass windows in the chapel were designed and constructed by Maureen McGuire Designs studio of Phoenix?
- the theme shared by these windows is the glory of creation?
- the current chapel was the original choir room but was converted to our current chapel in 1985?
- the 6 chapel windows were given to the glory of God by a couple who chose to remain anonymous?

**The Dove Window:** As you enter the chapel you can see the sign of God’s peace—the dove with the olive branches superimposed on a cross. The dove is a symbol of the Holy Spirit who is actively working in our lives. The dove came back to the ark with an olive branch to let Noah know that the flood waters were receding and there was now peace with God.

**Palm Branch Windows:** On either side of the altar you will see a palm frond. These are a symbol of victory in the time of Jesus. They are a reminder of the triumphal procession into Jerusalem to become the victor over sin and death. These windows remind us that by God’s loving care we can live a fruitful life through our relationship to God. In the Old Testament the vine with its grapes depicts God’s people flourishing by the protective care they are receiving from God. In the New Testament Jesus says, “I am the vine, you are the branches.”

**Butterfly in Willow Window:** The butterfly has become a symbol of the resurrection because of its 3 stages in life—caterpillar, cocoon and butterfly. This parallels Jesus’ life—his time on earth, his time in the tomb and his resurrected life. Willow branches may be cut in great numbers without harming the willow tree. Thus the willow tree has become the symbol for the gospel message of Christ which remains whole as it is taken to people all over the world.

**Lilies Window:** The trumpet –shaped blossoms of lilies seem to proclaim the good news of Jesus’ victory over death. Lilies are associated with the resurrection of Jesus because they bloom in the spring. The life of this plant comes from the bulb in the ground just as Christ came forth from his tomb on the third day.

The above information was taken from the booklet **“The Gifts of God as Portrayed in the Stained Glass Windows of American Lutheran Church.”**

With Joy, Terri Polk

## NEIGHBORHOOD GROUPS

During the February 1<sup>st</sup>/2<sup>nd</sup> weekend services Pastor Lowell asked members of the congregation to volunteer with assisting for Holy Communion during services. Pastor Lowell said training would be offered to all volunteers. It could be one time only, for a month, or even longer. This is especially necessary during the summer months when so many members of ALC are on summer break, living elsewhere in the USA, or even travelling to other climes.

At my recent February 3-C NG meeting one of our members said ‘Wouldn’t it be a wonderful opportunity for each NG to offer members of that group to volunteer for Communion Assistance’. I agreed. I have been helping with Communion for several months. Each of us that provide this support to the Pastors, believe our ‘One on One’ eye contact reveals a special joy in our hearts and hopefully also to the recipients.

So, please consider having members of your Neighborhood Group assist with Communion. Talk to Pastor Lowell or Connie Brodland - Communion Coordinator, with names of members who are interested in offering this uplifting service to the Church and Congregation.
