

First Presbyterian Church Building Use Policies

The building will be open for meetings and normal business effective Monday, July 6, 2020.

Meetings and group work must be scheduled with the church office in advance. **No exceptions.** This is consistent with past practice. Please call the church office and indicate the event, the date, the time, the number of people participating, and the location(s) to be used. If no one answers, leave a detailed message.

Unless you are alone in a private office or work area, use of a mask is strongly recommended. Masks are available at the door. Please also practice social distancing.

If your group or committee is holding a meeting, please use Banner Hall, if possible. Banner Hall is easier to clean.

If you use a work or meeting area, please wipe down all surfaces. Wipes have been provided for your use. **No exceptions.**
