Dear Parents,
We are five seventh-grade students at Holy Apostles, and we were invited to work on a project to create a 125th Anniversary History Video based on our academic excellence. Our video was created to commemorate our school and parish's history through interviews of many people closely connected to Holy Apostles. Through the producing and editing of this video, we learned countless things about our school and parish that we had never known before and created countless memories along the way.

We hope you enjoy the [video](#)!
