

Nice Racism: How Progressive White People Perpetuate Racial Harm

by Robin DiAngelo, pgs. 224, Beacon Press, June 29, 2021

In her new hard-hitting book Robin DiAngelo continues where her book, White Fragility, left off and explains how white progressives can cause the most daily harm to people of color. She writes directly to white people and reveals how well-meaning white people unknowingly perpetuate racial harm often while trying to prove they are not racist and through other patterns of behavior. DiAngelo draws on her background as a sociologist and her many years as an anti-racist educator to inform the reader. She personalizes the narrative by relating events from her own life experiences. This book is an essential read for white people who recognize systemic racism and want to reconcile their values with their actions.
