Beloved Congregation:

Worship Updates

As you may be considering starting back to worship there are a few things to remember

- Wear your mask
- Social distance. We will be taking the tape off the pews this month with the expectation that we can rely on your good judgement to space out around the Sanctuary and balcony. Also please remember that the TV is on in the basement with plenty of room there for viewing.

Spring Projects

Parking Lot Landscaping

We are excited to be moving forward with the final part of the parking lot project. We will be working with Hutchinson Properties who will plant 4 red maple trees and 3 thorn less honey locust trees around the lot, along with a shrub row on the property line with the neighbors. The installation of a basketball hoop will follow soon.

Replace Office Flooring

We are working with Macco's to replace the flooring in the church office this spring with the same product we have found so successful in the church dining room.

Church Garden

We are again looking for volunteers to help in the church garden as we continue to grow and distribute fresh produce at the Blessing Box. Please contact the church office if you are interested in helping.

Video System Update:

As many of you have heard we are finally upgrading our video system. This will provide us with 3 HD quality cameras with expansion capabilities and will allow us to download the service directly to the internet and eventually move to live streaming in the future.

If having that worship video was a blessing to you over the past year please consider making a donation. You can make your check out to the church and just indicate “video”, or go online at www.sbmoravian.org and donate to the Legacy Fund from the Online Giving Tab (click top arrow for Legacy Fund and add video in the comments). The cost of this new system will be \$5,200 and to date we have collected \$2,900! Thanks to everyone for their generosity.
