From Pastor Matt

Help us with the reboot!

We all know about updates and restarts. They are a part of every aspect of our lives from keeping our phones and computers working to being able to access our various accounts.

In September we will be entering a new season in the life of our church. We need you to re-engage and re-new and reconsider what our church needs to be and where you will fit into the mission and ministry.

We are restarting many programs and ministries that have been sitting for nearly 20 months. What will choirs and Sunday School and fellowship activities be like? We need new people to step up and take on new responsibilities, new roles and engage in new opportunities of faith and fellowship.

*We need all parents to update the contact information on their children with the attached form so we make sure we are reaching everyone with opportunities and activities.

*We need new folks to step up and help out in providing leadership for youth fellowships, as Sunday School teachers, organizing congregational fellowship activities and providing care and support for fellow church members in need.

*We need new people to volunteer and receive training and become a part of our video ministry team. This important ministry has become much more significant because of Covid. We have an online congregation now that depends on our weekly online worship.

Please take the time to complete the volunteer form we have attached here to indicate to us your interest in serving. If you have any questions please contact Pastor Matt.

Please see the Opportunities to Serve form on the next page.

Opportunities to Serve (continued)

We are in need of help in the following ministries.

If you would be interested in helping out in any of these areas, please mark the ones you are willing to participate in.

Thank you!
