

Depending on the Apple device, you may need to update your Safari browser settings, which will allow you to view videos on St. Michael's Website.

Safari for Mac:

1. Open Safari if it is not already open.
2. Click the "Safari" menu and choose "Preferences" and then "Privacy"
3. Depending on your version of OS:
4. Click prevent Cross Site Tracking to disable this setting.

Safari for Mobile phone or Tablet:

1. Go to Settings
2. Click on Safari
3. Privacy & Security
4. Turn the toggle 'Prevent Cross Site Tracking' to 'Off'.
