Worksheet #3

Creating Your Ministry Action Plan (MAP)

The Ministry Action Plan (MAP) is the most important aspect of your ministry effectiveness. This is how you will implement the ministry God has given you. Please keep your Ministry Purpose Statement in mind as you prepare for the coming year.

Your ministry year runs from January 1 to December 31. Now, obviously, you have come on staff in October. The reason is planning. Don't waste this time! You plan to fail when you fail to plan. And planning without prayer results in no plan and a lot of last-minute prayers. Use this time wisely.

Task 1:
Your Ministry Team should have notes about what God has been speaking to them about the ministry. List those answers/ideas here.
