Worksheet #3 (Continued)

Creating Your Ministry Action Plan (MAP)

Task 2:
Begin to pray about the ideas you have listed. Through prayer, discussion, and needs of the congregation, select the most important ideas necessary to complete your Ministry Purpose Statement. The number of ideas employed is not nearly as important as the quality of the ones you ultimately use. Effectiveness is the key to success in ministry, not how much is done. This may be a difficult process, so remember to strive for unity of the Spirit in your Ministry Team. You may not be able to make all decisions in one meeting. If not, set up another time and try again. Prayer will always be the key.

The necessary projects and programs to complete our Ministry Purpose Statement are:

#	One-Time Event	On-Going Program	Activity/Event
