

Umm... You've got to be kidding!

A lot of times that's what we hear when we ask parishioners to minister to our middle school kids.

If it's not us... as a member of this Catholic Community... then who? Who will influence them to live for Jesus and root their life in the Catholic faith? Will the television they watch? Will the music they listen to? Will the video games they play? You're the one they need!

Live out your baptismal call and ignite the world of a middle schooler with the Light of Christ!
