

License for a

# Eucharistic Minister

The Canons of the Church have set forth requirements for people, lay or ordained, before assuming certain ministries. Additionally, the Bishop, Commission on Ministry, Diocesan Council and/or Standing Committee has also published various standards for practicing certain ministries in the Church.

The Bishop (and staff) is presumed to maintain files that document satisfaction of these requirements. The following checklist seeks to clarify the documentation needs of the various license ministries.

*For each person licensed for this ministry, Diocesan files will contain:*

- \_\_\_\_\_ Application by Member of Clergy
- \_\_\_\_\_ Safe-Church training Certificate of completion
- \_\_\_\_\_ Anti-Racism attendance certificate

**Licensed Ministries** (See Title III Canon 4). Requirements for the selection, training, continuing education and deployment of such persons, and the duration of such licenses, shall be determined by the Bishop in consultation with the Commission on Ministry.

A copy of this attachment is to be sent to the licensee and the priest in charge of the congregation of the licensee. License is null and void should the licensee transfer to another congregation.
