

Bible Quiz In So. Cal.

You may or may not have heard about Bible Quiz, but it is one of the most wonderful ministries I have ever seen. It teaches teens and smaller kids about the Bible in one of the best ways to teach the Bible to anyone (to me anyway). So, what is Bible Quiz?

I've told you how much I like it, but I didn't explain it to you.

In quiz you take a book of the New Testament, memorize it, and answer questions over it.

I know what you're thinking. "Kids can't do something that hard!"

Yes they can!!! My first thoughts going into quiz were things like, "I'll never get through this year." But let me tell you, it has changed my life for the better.

It is not just memory work. A lot of people seem to think it is.

The actual game is quite good for people who like to compete.

But if you don't like competing you will still do well.

Other than getting awards in the game (such as high point scorer or winning team) there are other awards. For memorizing and quoting each chapter with less than 5 mistakes you will receive an award from the National Bible Quiz program.

I myself have completed this award.

So this is quiz. I could explain it better in person with someone asking me questions.

Seek me out if you are interested. Please reach me at iskuroishi@hotmail.com.

Yours truly,
Jonathan Barthuly.

I have been a parent and then a coach, and always an official of Bible Quizzers since 1993. I have seen what it did for my two sons and I am forever thankful for God's Word which is embedded in their hearts. Each of the books that my sons studied is engraved in their lives and they can still quote most of the "important" portions of those books.

My older son is scheduled to be ordained into Pastoral Ministry next summer and my younger son is a math teacher who is the youth director at his church in Texas. Both of my boys stick close to the Word and I know that Quizzing played an important part in their development.

Since that time, I have coached, chaperoned and officiated for JBQ and TBQ teams all over the southwest and I have rejoiced to see God's Word alive and well in the lives of our youth! I have been blessed many times over to see children and teens from our Church get excited about God's Word and put it into practice in their lives!

Thanks to all who have contributed to Bible Quizzing! There will be rewards in Heaven that we will be privileged to receive for our time spent in this area of God's Kingdom!

Alane Harbison, Lawndale Wesleyan Church
