

# SAINT EUGENE CATHOLIC CHURCH

## Parental Agreement

Each year we find that student attendance of the Religious Education Program can be very inconsistent. This creates an unfair situation for the student, the student's classmates and the catechist. Because of absenteeism, extra effort is required to keep all class members up to speed on weekly lessons. Additional burden is placed on the Parish with regard to planning and commitment of resources to the Religious Education Program. This year we are asking each student to achieve an 80% attendance rate in order to be promoted to the next level of faith formation. The Sacramental Preparation classes will be sending home information on their own attendance requirements.

In light of these issues, we are asking all parents enrolling students in the Religious Education Program to review and sign the following agreement as a commitment to your children's faith development. Your involvement and your commitment are very important.

.....

**As faithful and committed members of the Catholic Church and as participating members of Saint Eugene's Parish, we recognize our obligation as the primary teacher of the Catholic Faith to our children. In recognition of this important responsibility, and realizing the importance of formal instruction through the Parish Religious Education Program, we agree to maintain consistent and regular class attendance of our children, as well as commit ourselves to be supportive of the Religious Education Program throughout the entire 2007 – 2008 school year.**
