

Discovering Your Conflict Management Style Continuing Education Workshop

Dr. David McKee

The Commissioned Lay Pastor Committee of the Presbytery of Transylvania is the proud sponsor of this event.

Our instructor, Dr. David McKee, is the Interim General Presbyter for the Presbytery of Transylvania.

WORKSHOP CONTENT

- Using a Conflict Strategy Instrument, assess your conflict response tendencies and discover options appropriate to different levels of conflict.
- Learn how not to be afraid of conflict (but you don't have to love it, either)
- Learn how not to let conflict paralyze you (but it likely will slow you down a bit)
- Learn to understand the intensity levels of conflict (hopefully so you can lower the intensity some)

Workshop Participants will be given a copy of Speed Leas Book: Discover your conflict management style.
