

# PEACEMAKING GRANTS

The Presbytery of Transylvania Mission Committee approves and administers peacemaking grants, funded by the annual Peacemaking offerings of Transylvania churches, to promote and support peacemaking efforts by individual or joint congregations. Churches may apply for a grant using the enclosed application and submit to the presbytery office.

The grant application must contain the purpose of the project for which funds are requested and the assumptions supporting the project. What other congregations or community organizations are involved in the program? What is the extent of your congregation's involvement with the program? How will requested funds be used? Are you willing to speak at a Presbytery meeting about your program?

Peacemaking grant applications may be submitted at any time but will be reviewed twice a year by the Mission Committee in April and October. If your congregation wishes to apply for a peacemaking grant, please send the following applications to the presbytery office by the first deadline of April 1, 2010. Applications received after the April 1 deadline, will not be reviewed until October. For more information on peacemaking grants please call the presbytery office at 888-233-1544.

The peacemaking funds are derived from the annual Peacemaking offering in the fall, and therefore revenue varies from year to year. Funds from church donations are not received at one time, so the Committee works with the funding available at the time of the request. As a result of the process, the Peacemaking grant requests are subject to fluctuating funding availability.
