

Debbie TURNER

Debbie Turner presents the wonder of Christ-centered living in a way that is sure to stir your soul, encourage your heart, and awaken your imagination! She is an engaging conference speaker, Bible teacher, and author with an inspirational teaching style that penetrates barriers and reaches deep into the heart to deliver spiritual truth with wisdom, tenderness, and clarity. Scripture lives and breathes as Debbie weaves biblical principles, compelling stories, and humorous anecdotes into messages that clearly connect God's Word to the triumphs and challenges of daily living.

An award winning business owner and respected community leader, Debbie enjoyed a life decorated with all of the trappings of success. But popularity, power, and possessions provided no comfort the night she lost her twenty-one-year-old son to suicide. In a single irreversible moment, everything she trusted to deliver happiness and to provide security failed.

When Jesus rescued Debbie from this pit of hopelessness, He transformed her into a woman completely captivated by His grace and launched her into a powerful speaking and writing ministry.

Debbie will inspire you to embrace love that cannot be lost, peace that cannot be shaken, and purpose that will not be diverted. Her compelling story has been broadcast all over the world on Christian radio and TV programs and her books and magazine articles have impacted thousands of lives for the glory of God.

Debbie's experiences and her ability to see the hand of God give her a unique platform from which to embrace the journeys of others. She is a warm, caring individual whose true beauty is found in her deep desire to be used by God to reach many for His kingdom. She delivers a message of hope and love as timeless as the Bible itself.

The Power of a Moment

Life flies by with one busy day blurring into the next *until* we encounter a moment with the power to radically alter our thoughts, feelings, and priorities. A moment that divides time into life before this event and life after this event. A moment that interrupts our agendas and leaves us forever changed. In this transforming message, Debbie shares biblical truths that reveal how God wants to use these moments to free you from unwanted impurities and perfect your soul. Will you choose to live defined by your circumstances or joyously refined by the God who faithfully loves you?

The Music of Your Heart

Where do we find that mysterious *something* that will satisfy the emptiness within our hearts, reveal our hidden potential, and free our souls to sing? This rich biblical teaching will inspire you to reject the labels of the world and embrace the truth: *God created us to serve as finely tuned instruments, each with our own unique song.* Under the leadership of the Master Conductor, a melody is born and our hearts resonate with a song that only we can sing. In this dynamic presentation, Debbie challenges you to connect your heart to the Source of all things beautiful and *Let the Music Begin...*

I loved the message you shared for our ladies event! You lifted the Lord Jesus above everything and pointed us to Him continually. I appreciated that you used God's Word as your foundation and you didn't just tack on a few verses in the end to make it religious. Not only did you reveal how God changed your life but you also taught us how to apply the same principles to our lives. God's Word is living and active and sharper than a two-edged sword and I truly believe that surgery was performed in many hearts tonight.

I want to thank you for helping me to step out of my comfort zone and for showing me how easy it was to ask Jesus Christ into my life! I pray from this day forward that He will help guide me through this very difficult time. Thank you for speaking last night. You touched many hearts. God bless you!
