Regarding "Across California"... A 2010 Campaign for God's Plan for Sharing (GPS)
www.GPS2020.net

What is the ultimate goal for God's Plan for Sharing (GPS)?

The goal of "God's Plan for Sharing" (GPS) is to fulfill the Great Commission in North America by *Every believer sharing and Every person hearing by 2020*. This journey is guided by a process with four biblical markers:

- ❖ **Praying**- every church praying for lost people
- ❖ **Engaging**- every believer sharing as a trained witness
- ❖ **Sowing**- every lost person receiving a witness
- ❖ **Harvesting**- every church harvesting and celebrating every salvation result.

How does "Across California" fit into GPS?

GPS will have a special evangelism campaign every two years beginning in 2010. The special evangelism campaign for 2010 is called Across California. "Across California" is considered a SOWING effort, designed to get the average believer out of the pew and into the streets. This campaign will take place through the Easter season and is comprised of four steps:

- ❖ A Two-week targeted *media saturation* prior to Easter (TV, Radio, Billboards, Newspapers, etc.)
- ❖ Participating churches *prayerwalking* their communities
- ❖ Participating churches *saturating their community* with a clear bag containing the gospel (Find It Here tract), a church brochure, & an invitation to Easter services.
- ❖ Participating churches will conduct a five-week *follow-up* process
