

California Southern Baptist Disaster Relief Training

May 29 - 31, 2008

at

East Bay Baptist Association
1221 Pacific Avenue
San Leandro, CA 94577

Certification Classes:

MASS FEEDING.

The primary mission of a mass feeding team is to feed and serve victims and relief workers during a disaster. A warm meal and cup of water in Jesus' name may be the seed to the salvation of a soul.

CLEAN-UP & RECOVERY.

The objective of a clean-up and recovery team is to assist in the initial clean up after a disaster. The further objective is to assist individuals and churches in the recovery from the effects of a disaster. This may include debris removal, temporary repairs, cleaning, and ultimate repairs to restore individuals and churches to normal life.

CHAINSAW TRAINING.

This training covers the use and safety requirements for using a chainsaw during a disaster operation, maintenance of the saw and brush/limb pulling and cutting techniques.

CHAPLAINCY (Crisis Counseling and Evangelism).

Crisis counseling offers trauma victims non-threatening opportunities to share their experiences, emotions, and struggles. The crisis counselor aims to assist the victims of trauma by helping them to learn effective coping methods. Crisis counseling training will equip volunteers to serve as members of the Crisis Counseling team.

COMMUNICATION.

The communications volunteers will be a team trained and equipped to provide long distance and local communications. Volunteers do not have to be licensed to take this course. This course will equip volunteers to have skills to operate emergency radio equipment and other communications equipment, such as handhelds, satellite phones, and fax machines during disasters.

TEMPORARY EMERGENCY CHILD CARE.

Temporary Emergency Childcare (TECC) is caring for children for a short period of time when a disaster strikes. It is a ministry of showing children and parents the love of Jesus at a time when care and attention are vital needs in their lives. TECC training will equip volunteers to serve as members of the state Child Care team.

WATER / PURIFICATION SYSTEM.

This course will teach about building a water purification system and taking care of the water systems associated with our various Disaster Relief Units.

DAMAGE ASSESSMENT.

This training covers the assessment of damaged homes/homesites and the completion of assessment forms for our Clean-up and Recovery teams.

Registration:

	by May 15	after May 15
