

*Sisters Who Care Presents
The H.O.P.E. Chest
(Being Honest, Open, Positive & Enthusiastic)*

Some of us may remember the special container that we placed gifts and things that would be used to begin our "new" life on our own. These special and ordinary things proved to be priceless as our journey into the world began. Can you imagine life without the treasures we found in our chests? We have to go back, and share with our daughters and others, how we learned to cultivate the hope we found within our own HOPE chests. Please note that this will be more than just another women's conference, it will be a life changing experience...

*Date: January 25 & 26, 2008
Friday Night Praise and Worship – 7PM
Saturday Workshops – 9AM (registration/breakfast 8am)*
