

S.P.E.C.I.A.L. Seniors use Cokesbury's Adult Bible study.

This quarterly study (thirteen lessons) presents stimulating lessons that explore the biblical message and how to apply it to daily life. Individuals and classes studying from this series will use the International Lessons, also called the Uniform Series. Adults move from a focus on the Word to reflection on personal, family, church, and community concerns.

Live .B.I.G. study for 1st- 5th grades.

Cokesbury's newest children's Sunday school curriculum, Live B.I. G., is being applauded for engaging children in Sunday school.. Live B.I. G. is designed to help children ages 3-13 learn about the love of God through Jesus so they can live their "Belief in God". Using a DVD component, teachers are supplied with resources that go beyond the classroom and engage children with Christian role models and a deeper understanding of Jesus and the impact he can have on their lives.

Through these resources teachers and children will come to know and love God and Jesus so that they can answer the question, "How can I live B.I.G.?"

Toddler, (2's & 3's) will use the Hands-On curriculum:

There's nothing quite so exciting as introducing a group of preschoolers to the love of God in what may be their first classroom experience. It's a challenge to introduce theological truths to toddlers in a way that's simple enough to keep their interest, yet so meaningful that they begin to understand how much God loves them.

Hands-On Bible Curriculum® for Toddlers & 2s presents Bible truths in a fresh, interactive setting that capitalizes on children's need to experience life with all their senses. Toddlers and 2s will meet and interact with the God who made the world they're so interested in exploring,

Pre-K & K (4's & 5's) will also use Hands-On:

There's nothing more rewarding than helping young children know, love, and follow Jesus Christ. But getting the message across to kindergartners can be a challenge! Four- and five year-olds are just starting to understand simple concepts and they understand God loves them.

Hands-On Bible Curriculum® for Pre-K & K presents simple Bible truths in a fresh, interactive setting that capitalizes on children's need to experience life with all their senses. With Hands-On Bible Curriculum Bible Big Books® and Learning Mats™, you'll help children discover Bible lessons in creative, active ways that will capture their attention and keep them coming back for more.

Sr. High's:

Sr-Highs use PCUSA curriculum below in between various 'mainstream" topics. You may want to keep their summary from last year. They bounce around topics depending on need. They are looking at some new curriculum.

The goal of Units 1 and 2 is to introduce the students to the heroes of faith found in the book of Hebrews. What is it about these people and their actions that made them

heroes? The students will apply the same question in discussion about contemporary heroes of faith. Unit 2 will then move into discussion of the students' own practices of faith in light of the scripture.

Mid-Highs:

Faith in Motion is a Life-to-Bible topical series for middle school youth. The Seven sessions explore different dimensions of topics that interest younger youth. Using various formats we'll explore how younger youth relate to the topic and the topic in light of the Christian faith. A student journal is used for devotional times in class and at home. Series will have 16 volumes with topics related to life and to faith.
