Dear Trinity Parents,

During the recent Strategic Planning Workshop it was suggested that school to parent communication could be improved by using email and text messaging. One very good suggestion was to email the "Gold Sheet" out to parents to make it easier to know what is going on at school and with your child. Sending an email out to everyone in our school family is very easy and only requires one thing.... your email address. Some of you gave us your email address when you enrolled your child, but many didn't. We would like to get as close to 100% as we can. This is a great tool for us to use to get information to you about your school, your child's class and your child. It is not our intention to flood your Inbox with tons of email, nor will we be selling our list to advertisers. On a typical week I anticipate you getting no more than one email, the Gold Sheet.

You can update the address we have on file very easily. We have a link on the school website to make this simple. The direct link is: http://www.tecvictoria.org/home_school/article66582c834691.htm. Fill in the blanks, select your child's grade and click on "Submit". If you have more than one child attending Trinity Episcopal School, please do an update for them as well. This will help us in communicating information about individual classes. If you would like to have us send to more than one address, e.g. work and home, all you need to do is complete the form again using the additional address and we will make sure you receive messages at both locations.

Please take a moment to complete the form so that we may make sure you are properly informed about your child and your school.

Sincerely,

Jay Foreman

Headmaster,

Trinity Episcopal School
