Florence One Focuses on Children of Poverty

This year Florence School District One has as one of its goals to increase the academic performance of children of poverty. To accomplish this task, school administrators are receiving training through the Francis Marion University (FMU) School of Education Center of Excellence to Prepare Teachers of Children of Poverty. This week school administrators experienced the first of four workshops conducted by Tammy Pawloski, Ph.D. of FMU. Subsequent workshops for Florence One school administrators will be held on September 16, October 14, and November 18.

There will also be a fall 2010 workshop conducted for school leadership teams on Saturday, September 25, 2010 from 7:45 a.m. until 12:00 p.m. in the Chapman Auditorium at FMU. For more information, contact the principal of your school or visit www.fmucenterofexcellence.org. □
