## St. James Episcopal Church

The second oldest continuing Christian congregation in New London was founded in 1725. It is also the Parish of Samuel Seabury, the first Episcopal Bishop in the United States.

The 2,680 pipe, 42 rank E.M. Skinner Opus 220 was given in 1914 by railroad magnate Morton Plant in memory of his wife Nellie Capron Plant. In 2001, the instrument was removed from the chamber and fully reconditioned by the Foley-Baker Organ Company.
