

Licensing and Policies

The Redeemer Preschool Director coordinates the total curriculum with the support of the School Operating Board.

All teachers are experienced and trained in preschool education. Background security checks are required. Two teachers are assigned to each classroom. This ensures a teacher-to-student ratio at or below state guidelines in all classes.

Redeemer Preschool is licensed by the Cincinnati Board of Health and by the State of Ohio. The licenses, laws, and mandates are available for review by request.

Redeemer Preschool encourages a multi-cultural environment and does not discriminate in the enrollment of children on the basis of color, race, religion, gender, or national origin.

We nurture your child's love of learning

Your child's time is valuable!

No one knows how marvelous your child is as well as you. Each moment can be filled with new achievements.

Redeemer Preschool will provide your child with a safe, caring environment full with learning and fun opportunities.

Attention to each child's needs and potential is part of the Redeemer Preschool success recipe. Just ask our grads! Or, better yet, ask their parents and grade school teachers.

These goals are achieved through a developmental approach to learning and based on early childhood development, to foster your child's curiosity about the world around him. Each classroom offers your child an opportunity to experience all areas of development, including dramatic play, nature, music, and age-appropriate cognitive skills.

A weekly chapel service is led by a Church of the Redeemer staff person. Simple songs, Bible stories, and a few short prayers are suitable for a diversity of faiths found in our student population.

School outreach projects are coordinated to help our children develop community awareness and understand the importance of their contribution.

Redeemer Preschool provides bi-weekly music classes taught by a certified music teacher. Students 3 years and older are provided with bi-weekly Spanish language instruction.

Emotional and social development is promoted by creating a calm, stable, sharing, and loving atmosphere.

Focusing on tasks, making friends, expressing feelings in a positive manner, solving problems, and learning new skills encourages pride and self esteem.

Physical development is advanced by the use of equipment such as the large muscle climbers and classroom manipulative. An outdoor play area includes a custom-built climber, as well as a sensory table and walls.

Planned conferences throughout the year provide our parents an opportunity to discuss their child's development with the teacher. Additionally, parents are encouraged to visit and observe the classroom and are free to consult with teachers at any time.

Parents actively participate in Redeemer Preschool life through volunteering, class outings, or through sharing special hobbies and interests. Our children are so proud when parents are involved in their school.
