Dear Friend:

Today at House of Hope, a woman returned after undergoing cancer surgery. House of Hope was with her all through her diagnosis, doctor's visits, and surgery. We will continue to provide for her needs, she has no one but us.

Today at House of Hope, a man crippled by a stroke and alcoholism left. He left with disability benefits and freedom from his alcohol addiction. He lived with us for one year. We provided for his needs, spiritual, mental, physical. We helped him with the laborious task of receiving disability benefits. He departed with no words of thanks for any services he received at no cost. No one wanted to help him but us.

Today at House of Hope, nine children and one adult went outfitted for school. They now have all the necessary supplies and clothes to have a successful school year. As you know, it is expensive to outfit children for school. We are the only place these children and their parents have to live.

Yes, this is a typical day at House of Hope. Homeless men, women, and children benefit from all that we offer them. Many leave when they become employed and start receiving benefits. Many stay on to make a better life for their family.

The length of stay varies with everyone. But as long as our residents live with us, we will share all that we have. However, we have found ourselves in a bleak financial situation at House of Hope.

Please pray about your giving to House of Hope. We desperately need your sacrificial offering.

Our residents are God's children, who but us will show them the Love of God?

With gratitude,

Jane
