

# Spanish News

Dear Kindergarten Parents,

I am very excited to be teaching Spanish to your children again this year at All Saints'. As most of you know, I teach mainly through visuals, songs, games, etc. with beanie babies being one of my favorite teaching aids. The children just love them!

The following is a list of units that I hope to review or teach this year to the 5K and 4K children: Basic questions, number 1-20 for 4K and 1-30 for 5K, colors, animals, weather, days of the week, parts of the body, shapes, and food. If your child is new to all Saints' and has never had Spanish, do not worry. I will help them in class as well as send home song and vocabulary sheets if I feel it would help them. We will also learn vocabulary for holidays such as Halloween, thanksgiving, Christmas, Mother's Day, Easter, etc. I also plan to do our annual piñatas at Christmastime as the children enjoy this activity so much.

Please ask your child what he/she did in Spanish each day as we will be learning cute songs throughout the year. The 3K children will be doing fun activities and learning songs as well. I also plan to introduce numbers, colors, and animals to the 3K class.

If you every have any questions please call me at All Saints' at 662-8134 on Tuesday or Wednesday or at home at 6612-7879. You may also email me at [senoraammerlaan@aol.com](mailto:senoraammerlaan@aol.com).

Gracias y adiós.

*Señora Ammerlaan*
