A Church Without Walls

**Rev. Dr. Robert Goss,
Pastor/Theologian of MCC in the Valley
(North Hollywood, CA)—a LGBTQIQF Church**

This workshop will look at 21st century, post-modern church without walls, based on the economy of God's grace found in Jesus' practice of table fellowship. Imagine a church far more diverse than you could ever dream. What could a justice-doing, contemplative church — committed to peace-making, radical inclusion, hospitality, and compassionate care — look like? How do we deal with post-modern, hybrid spiritualities within church? What unites us as a church without walls?

Please RSVP for the workshop at 602-264-1221 or
