**MODELING A METHOD FOR FAITHFUL INTERPRETATION      JEREMIAH 33: 14-16**  
How can we listen well to scripture as we prepare to preach each week? Dan will first model a process using Jeremiah 33:14-16 as an example. This passage is one of the readings that the Revised Common Lectionary suggests for the first Sunday of Advent in 2018.

**PRACTICING FAITHFUL INTERPRETATION      PHILIPPIANS 3:1-11 AND LUKE 3:1-18**  
We will continue to practice listening well to scripture as we study passages that the lectionary suggests for the following weeks of Advent. During this segment, groups of participants will study a passage and share a report, leading to further conversations that Dan will guide.
