

Milestones In Ministry 2010

It was the idea of the District Program and Arrangements Committee that we find a way for the Ministry Commission to support and encourage ordained ministers of the Church of the Brethren who are part of the Shenandoah District.

We want to take time for the district to honor and affirm the servant ministry of one group of our membership. All called to ministry through baptism. Some, with gifts for the set-apart ministry, are ordained. Their oversight has been lodged with districts from the earliest days of our church's sojourn in America.

Congregations call pastors, and more times than not, do a good job in recognizing their tenure in a parish. For those ordained to the set-apart ministry, congregational tenure is but one chapter in a longer book of ministry.

At each District Conference, we highlight "Milestones of Ministry" for ordained ministers. Letters will be sent to each congregation to encourage and provide information regarding their pastors' lifetime milestones.
