### A special announcement for Kellman Brown Academy Families

We are very pleased to announce that the Kohelet Foundation is offering Kellman Brown Academy an extraordinary grant for the specific purpose of increasing our enrollment and preparing for a future in which increased enrollment can provide a stable financial basis for our school to continue to thrive.

Among other grant requirements, this gift allows us to:

- **Create a level tuition across K-5th and 6th-8th grades.** Tuition for K-5th is \$13,500. Tuition for 6th-8th is \$14,500.
- **Promise that tuition will not increase more than 3% per year for the next 6 years.** Level tuition and capped increases allows families to plan for the future.
- **Offer Kohelet Fellowship incentives to the entire school.** Up to \$75,000 is available each year to distribute to families that participate in Kohelet Fellowship adult learning programs. Parents who participate in adult Jewish education learn the benefits of Jewish learning, and are more likely to continue enrolling their children in Jewish day schools.
- **Lower the barrier to entry for families first entering private day school instruction.** Students new to Kellman Brown Academy will receive a new student tuition subsidy to ease their families into the private day school environment and tuition structure.

The Kohelet Foundation is very impressed with Kellman Brown Academy, and is taking this opportunity to build on the success of its initial year of tuition subsidies. We are excited by the possibilities that this grant opens up for us, and we look forward to having you all as partners as we grow.

March 2010
