

Diocese

***DioOffice™** synchronizes family contact information and uploads member details among parishes, schools, and the diocese.

- Collect family records electronically and automatically populate your database
- Review submitted data and accept or reject changes
- Manage contacts, pledge entries, statuses, and support mail campaigns

***Development Connection™** synchronizes family contact information between parishes and The Raiser's Edge™ database at your diocese.

***DioView™** streamlines financial reporting between your parishes and diocese.

- Gather financials more frequently
- Consolidate chart of accounts or filter a specific account
- Maintain church accounts in one master chart of accounts

Church

****Church Office™** streamlines the management of your parish.

- Keep families informed, active, and connected
- Track and record all aspects of fundraising
- Review personal outreach and growth development
- View and print maps for house visits
- Quickly compile data for submission to the Official Catholic Directory™

***PDS Connects™** gives your lay leaders and members the ability to manage their own profiles over the Internet as an online companion to PDS Church Office.

- Make online donations
- View church directory
- Submit changes to profile information

****Formation Office™** easily manages the details of religious education programs.

- Access student and catechist information quickly
- Schedule classes and prepare mailings
- Coordinate, track and record dues, payments, and credits

Ministry Scheduler™ helps you coordinate and assign ministers for various liturgical functions.

- Assign up to 15 liturgical ministers
- Accommodate ministry preferences
- Synchronize data with Church Office

****Facility Scheduler™**

enables efficient scheduling of rooms and equipment.

- Schedule events for all your facilities
- Create automatic scheduling and billing reminders
- Store detailed contact information and monitor fees

Sacramental Register™

provides a searchable electronic database of all your sacramental records as an add-on module to the PDS Office programs.

- Quickly locate entries in your written registers
- Preserve your valuable records
- Print indexes and complete register information

School

****School Office™** simplifies the administration of your parish school.

- Track all the details from discipline to financials
- Automate billing, attendance, grading, and reporting
- Streamline communication efforts

***Chalksite™** connects teachers, parents, and students outside the classroom

- Create class-level Web sites
- Use online teacher gradebooks
- Post assignments and use discussion boards
- Export term averages to School Office

HeadMaster® Software provides key administrative functions for Catholic high schools.

- Manage student, teacher, and parental information centrally
- Automate class-scheduling, attendance, grading, and reporting
- Customize reports and data fields to fit your needs

HeadMaster ProCM adds a valuable classroom manager interface for teachers to HeadMaster Pro.

HeadMaster Billing manages payments and provides multiple ways to monitor outstanding accounts.

***HeadMaster Online** enables staff, faculty, and parents to go online to view their children's assignments, grades, and progress.

***HeadMaster OnDemand** is an affordable, low maintenance, hosted school administration solution that provides users anytime, anywhere access to all the school's operations.

Financials

Ledger™ provides a full accounting solution for your parish or school.

- Comply with IRS and FASB requirements
- Use cash or accrual rules and print balance sheets and income statements
- Enter monthly, quarterly, or yearly budgets for each income and expense account

Ledger/Payroll™ incorporates payroll management into Ledger.

- Calculate federal, state, and local taxes
- Print paychecks from your computer
- Produce a variety of federal reports and forms

Hosting

***PDS OnDemand™** provides you with anytime, anywhere access to all your PDS applications in a worry-free network. Rather than residing on your desktop, your PDS software and its contents resides at ACS Technologies® providing you access to your applications over the Internet while keeping you on the latest version in a secure environment.

- Perform the same functions of your desktop software over the Internet
- Increase data security, decrease IT needs
- Grant remote access for people to work outside the office
- Receive automatic updates and backups

Web Sites

***The Extend Platform™** enables you to manage your Web site regardless of your technical background with an easy-to-use content management system.

- Keep up with your content using content libraries
- Maintain structure with a defined editorial process
- Assign user permissions to maintain security
- Edit your Web site from anywhere online

Bulk Emails

***Constant Contact®** powers your communications plan with bulk email marketing tools that give you an easy, effective, and highly affordable way to get your message out.

- Use customizable email templates
- Assess stock imagery
- Get real-time response tracking

Data Backup

***LiveStor®** gives you peace of mind with remote, automatic backups of your most valued files.

- Schedule automatic backups for any file type
- Monitor your jobs from anywhere online
- Quickly restore your data to its original integrity

**These programs are delivered and accessed over the Internet. **These programs seamlessly integrate to save time and standardize data entry.*

Mail Management

***PDS CASS It!**™ enables you to CASS Certify mailing addresses to meet US Postal requirements for address verification over the Internet.

- Qualify for postal discounts
- Print Form 3553
- Add-on optional Geocoding and NCOA Processing features

Background Checks

***SecureSearch** provides fast and secure background checking services over the Internet. Use the Background Integration feature from the Safe Environment screen of any PDS Office program to automatically order background checks within your PDS Office programs.

- Quickly order background checks
- Save time, money and headaches
- Be consistent in your screening processes

Services

PDS Forms & Supplies helps you quickly complete your tasks with items guaranteed to work with your PDS applications.

- Checks
- Check readers
- Labels
- Contribution statements
- Tax forms
- Barcode scanners
- PhoneTree

Implementation helps you take your projects from initial assessment and planning to installation and training, then launching and follow-up to help your parish, school, or diocese achieve its goals.

Web Site Management helps you assess your current Web site, migrate to Extend, and/or design a new Web site.

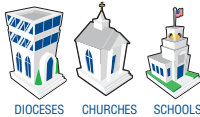

Consulting and Training Services empowers you to fully understand and utilize your PDS software.

- Onsite consulting and training
- Annual PDS National Convention
- 1-2-1 online training Webcasts
- Online self-paced training videos

Data Services offers a variety of data-related services dedicated to optimizing your time.

- Data conversion
- Data repair
- Custom reports
