

**PARISH  
DATA  
SYSTEM™**

# PDS Diocesan Solutions

Leverage PDS Products and Services Throughout Your Diocese

Your diocesan office operates as an information hub, sending information to and receiving information from its organizations. PDS diocesan applications can help you synchronize select data between your office and parishes.

Spend less time on administration and more time on decision-making by simplifying the exchange of current and accurate family and financial information. When you standardize on PDS software throughout your diocese, rolling up select information to your office becomes automated, secure and fast!

## PDS Development and Communications Solution™

Enables your diocese to synchronize family information with its parishes, so you can focus your efforts on fundraising, stewardship, and communication.

### Inside Your Diocese

**DioOffice™** synchronizes family contact information and uploads member details among parishes in your diocese.

**Administrators can:**

- Collect family records electronically and automatically populate your database
- Review submitted data and accept or reject changes
- Manage contacts, pledge entries, and statuses
- Support capital campaigns
- Create a diocesan directory and personnel roster

**PDS Development Connection™** synchronizes family contact information between parishes and the The Raiser's Edge™ database at your diocese.

Send additions, changes and deletions of data from Church Office to the diocese

Receive, accept or decline parish data; send updates back to Church Office

### Inside Your Churches

**Church Office™** streamlines the management of your parishes.

**Staff can:**

- Track, analyze, and report on simple or complex church-related information
- Coordinate, track, and record all aspects of fund-raising, from individual weekly contributions to pledge funds and large campaign drives
- Review personal outreach and growth development
- Ensure quick access to your members' addresses, skills, duties, family details, contact history, and more
- Generate valuable insights into the interaction of your church or parish families

## PDS Financial Solution™

Empowers your diocese to receive accurate data faster and focus your efforts on analysis instead of data gathering.

### Inside Your Diocese

**DioView™** streamlines financial reporting between your diocesan office and parishes.

**Administrators can:**

- Gather financials more frequently
- Consolidate chart of accounts
- Filter for a specific account
- Maintain church accounts in one master chart of accounts

*"Without a doubt, DioView has helped save our office time with consolidating parish reports and quickly identifying financial issues."*

**Ronda**  
Diocese of St. Augustine, FL

Send financial reports to the diocese

### Inside Your Churches

**Ledger™** provides the ability to manage chart of accounts, transactions, and financial reporting for parishes.

**Payroll™** provides a complete payroll function that helps track employee expenses and reports.

**QuickBooks™ Interface** allows you to submit financial reports from QuickBooks Pro to DioView.

**Staff can manage:**

- Chart of Accounts
- Financial Reports
- Income Statements
- Balance Sheets

## PDS Diocesan Services

PDS Diocesan Services include project management, consulting and training, implementation assistance and data conversion services. We'll work with you to assemble the appropriate mix of services to help you establish your project schedule, implement your software, meet with parishes and roll out synchronization across your diocese. Our services will help ensure your ability to implement and utilize your software to its fullest extent.

**Implementation Services** help you to get your diocesan solution set up properly, including web services setup, test environment setup and transition to production.

- Parish and Diocesan site readiness
- Network Assessment
- Configuration

**Data Services** includes data conversion and repair services plus custom reports for parish and diocesan databases. Our variety of data-related services are dedicated to optimizing your time and money.

- Data Conversion
- Data Repair
- Custom Reports

**File Backup and Data Recovery Services** with LiveStor™ protects your valuable data by performing scheduled back-ups according to customized criteria. LiveStor can be used to protect your PDS backups and any other files you select. All data is securely transferred over the Internet to our remote location so you can have peace of mind.

- Data Backup
- Data Restoration
- Data Management

**Consulting and Training Services** help you find the best mix of business process and PDS applications to fit your needs. Consultants will visit onsite to guide you on how to use advanced software functions and work with you to plan the use of your PDS applications and services. Trainers focus specifically on the use of PDS software for church, school and the diocese. From onsite consulting to online training, we've got you covered.

- On-site consulting and training
- Personalized one-to-one training classes over the Internet
- Self-paced training classes viewable over the Internet on your own schedule
- PDS National Convention

**Forms and Supplies** help you quickly complete your tasks with items guaranteed to work with your PDS applications.

- Envelopes and envelope services
- Checks and check accessories
- Telephone messaging solutions

*"The uniformity of having PDS software in our parishes provides us with the capability of providing diocesan-wide reports to the Archbishop much easier."*

*Phylliss  
Archdiocese of Louisville*

### Leverage the PDS Connection

Since 1978, Parish Data System® has been the leading developer of Catholic management software solutions by meeting the needs of over 8,500 parishes, schools and dioceses worldwide. In 2004, PDS joined forces with another church management software leader, ACS Technologies®, combining strengths and staff to offer the industry's best support and training along with the broadest line of church management software solutions. PDS software is used by many of the parishes in dioceses throughout the United States making it the top choice for Catholic management software and services. Our integrated church, school, and diocesan solutions enable accurate data management, increase communications, and empower growth within Catholic organizations.

#### Why PDS? Strength in numbers:

- Established in 1978
- 10 integrated software applications
- 8,500+ Catholic offices using PDS daily

**Our staff can help you customize and deploy diocesan-wide solutions that will improve the overall process of managing family and financial-related information.**
