

- ✓ *Anytime, anywhere access*
- ✓ *Connecting administrators, teachers, students, and parents online*

K - 12 Small Colleges Seminaries Learning Centers

Join schools from across the country that are successfully using HeadMaster to manage all their administrative and communication needs. HeadMaster OnDemand for School is a Web-based solution that uses one integrated database to empower and connect your organization.

This all-in-one solution package is customizable to meet your unique needs and includes the following feature-packed benefits.

- Teachers can **enter grades from home or school**, anywhere with Internet access
- Quickly mark attendance using a graphical layout complete with student pictures
- Create **custom grading scales** and let the software automatically calculate grades
- Instantly post grades, attendance, and other data and share with the administrative office
- Easily store student behavior along with detailed notes
- **Stop spending time transferring files** between your grade book program and your student management system
- **Parents can securely go online to communicate with teachers** and get progress updates, upcoming homework, class schedules, plus tuition and cafeteria balances
- **Students can log in online** to see their homework assignments, class announcements, and communicate with teachers
- Administrators can **access and update tuition accounts, registration, pre-enrollment and enrollment records** from any location
- Quickly organize and record payments and monitor outstanding accounts
- Build staff, teacher and class files to create rosters, schedules and lists for managing daily school activities
- Choose from over **100 customizable reports** plus customize fields and grids to meet your needs
- Lessen your IT maintenance with **automatic upgrades, data backups, and security patches**
- **Check in / out students** via a keyboard or scanned ID card and always know their exact location
- Get peace of mind and save time by **automatically ordering background checks** within your HeadMaster program with Secure Search**

It's easy to get your school started on HeadMaster OnDemand today!
