

More and more churches are discovering the advantages of sending contribution statements to their members.

The statements enable the church to recognize the contributions received, and show the contributing members how their money is being used. Statements are also a good backup “checks and balances” tool, helping to prevent embezzlement and misplaced contributions.

Many churches also find that using statements increases giving. Statements serve as a subtle alert to those who haven’t met their pledges. For those who don’t use pledges, statements serve as a reminder of how much each member has given.

Customize your statements by choosing the information that suits your church’s needs for each column and heading.
