B ACS LabelWriter

Compact, lightning-quick, easy to use – the ACS LabelWriter is the fastest label printer in its class. The LabelWriter prints high-resolution security name badges and bar code labels for children's church, daycares and nurseries, youth groups and day camps, meals and reception, and more – directly from ACS Checkpoint.

To save you money, the LabelWriter uses no ink or toner. It prints professional-looking labels every time, with your favorite fonts, graphics (up to 2-1/4" wide - 56 mm), or church logo.

- Eliminates the hassle of printing labels with a standard office printer
- Direct thermal printing means you never change a ribbon, toner or ink cartridges, the only supplies you ever need are the badges or labels
- Super fast print speed, about 1 second per label, 55 labels per minute, very quiet
- High resolution (300 dpi) printing means crisp text, graphics, photos and bar codes
- Connects to a USB port, cable included
