**From Your Associational Missionary:**

The Associational Spring Youth Music Festival that was a very positive event. There were about 75 people who attended including several from Miracle Hill. The music by TBD and the musicians from Peters Creek and the testimonies by the youth were great. Joey Capps presentation was right on target. A special thanks to Peters Creek for being such gracious hosts and BI-LO for furnishing many of the drinks. Plans are being made for a fall gathering. Churches working together can do more than working independently. PTMBA needs to work together to tell our world about Jesus. Thanks for all you do. Blessings, Ron Duncan

**Pastors and Church Staff Mark Your Calendar**, Monday, June 6, 9:00 a.m., for a special time of prayer at the associational office. Let's put forth extra effort to meet each month to pray.

**New Crib Safety Law Affects Churches**

Recently, a federal law was passed that affects every church that has a crib in their building. by December 28, 2012, only cribs which meet the improved safety standards set forth in the law can be used by child care facilities and "places of public accommodation." This means **replacing** existing cribs in church classrooms and weekday child care classrooms.

The new rules prohibit drop-side crib rails. The standards also mandate more durable mattress supports, slats, and hardware for cribs. All cribs sold after June 28, 2011 will meet the new safety regulations. There is no way to retrofit existing cribs to make them acceptable under the stringent new regulations. Remember, by **December 28, 2012** churches must use only cribs that meet the new federal safety standards! For more information concerning this law, please visit the website [www.scbaptist.org/childhood](http://www.scbaptist.org/childhood).
