

Ladies Spring Event April 25 - 27, 2008

**Speaker, BJ Lawson of
Precept Ministries International**

Loving God, Loving People
Matthew 22:37-39

In a day when women had very little voice and no authority, Susanna Wesley impacted the world and changed the face of Christianity. She was known as the Mother of Methodism. She was the mother of John and Charles Wesley and understood this principle of loving God and loving others.

Join us at the Ladies' Spring Event as we look at this principle and see how it can shape every aspect of your life and enable you to effectively impact your family, your community and ultimately your world!

Our guest speaker will be BJ Lawson. BJ serves as Staff Writer/Teacher with Precept Ministries International. A teacher of all ages, BJ draws on her varied experiences as a mother, pastor's wife, and wife of a former police officer when sharing with both students and adults. Her interactive and transparent teaching style shoots straight to the heart and makes life application easy to understand.

She is a co-author with Kay Arthur of the popular small-group *40-Minute* Bible Studies. As a conference speaker and Bible study trainer and teacher, she travels extensively nationally and internationally. She has served with Precept Ministries International staff since 1997.

Tickets are \$15 for the entire event and are now on sale at the Welcome Center or the church office. Friday-only or Saturday-only event tickets are \$10. Free childcare is available by request for both days. Signup sheets are located at the ticket table in the Welcome Center or call the church office. The deadline to sign up for childcare is April 20th.

Jessi Lawson, daughter of BJ Lawson, will be the guest speaker at a coinciding youth girls' conference, *Become*.
