**Subject:** Real Estate Agents and Tours of Florence

Lynn,

Sometimes our interview candidates express an interest in touring the city of Florence and local real estate. At that point I will usually contact ERA Leatherman or Ken Jackson Realty. I will either call or email the real estate office and await a response. Usually the real estate agent will agree to set up a Florence tour. If the first called real estate agency is unavailable then I will call the other real estate agency. The Human Resource office always is able to schedule a tour between the two listed real estate agencies. Both companies are very flexible with appointments and picking up/dropping off candidate.
